The primary reason for allowance of claims 1-13 is the inclusion of a first image bearing member and a second image bearing member that comes into contact with each other; a dot image pattern formed of dot toner images using a different toner from the toner image formed on the first image bearing member; and that the distance between dot centers of the dot toner images is equal to or smaller than a width of the contact part of the first image bearing member and the second image bearing member in a moving direction of the first image bearing member. This is found in all of claims 1-13, but not disclosed nor suggested by the prior art of record.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
